

# **Airlite** ALL WEATHER JACKET

**DESIGNED BY** AIRFIELD OPERATORS **AND**  
HEATHBROOK PRODUCT EXPERTS

 **HeathBrook**<sup>®</sup>  
Workwear Solutions

The Airlite range is designed with airport operations in mind. It is based on airfield operator feedback and HeathBrook's extensive knowledge of the sector. The Airlite brand is exclusive to HeathBrook.

We work with specialist manufacturers, and in the case of the GX-JK700 and GX-JK900, we designed the garments based on airfield operator input. We make it our mission to put the user at the centre of our thinking, and that is never more strongly demonstrated than with these two garments.

**STYLE CODE GX-JK700**

## AIRLITE ALL WEATHER JACKET

*Highly waterproof and breathable,  
designed for maximum protection  
and comfort.*
